

REMARKS

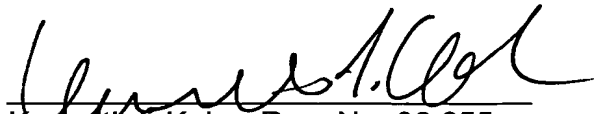

A Notice of Allowance was mailed in the instant application on March 8, 2006. The issue fee has not yet been paid.

The foregoing amendments are made merely to correct typographical and/or grammatical errors. Specifically, "elective" has been corrected to read "effective". The compositions have been clarified in the claims to distinguish between the group of NO donors and phosphodiesterase inhibitors. Claim 8 has been canceled because it was the same as claim 7. No new matter has been added and therefore no further examination is required. It is respectfully requested that this amendment be entered.

The Commissioner is authorized to charge any fee or credit any overpayment in connection with this communication to our Deposit Account No. 11-1449.

Respectfully submitted,
